SOCIAL MEDIA POLICY

Social media is defined as any form of online publication or presence that allows interactive communication, including social networks, blogs, internet websites, and forums. We recognize that employees use social media such as Facebook, Twitter, Instagram, LinkedIn, YouTube, and other forms of user-generated media.

This policy was developed to help employees identify and avoid potential issues and provide guidance to employees in the use of social media in their personal capacities.

Poll Workers

Poll workers are subject to this Social Media Policy, as well as the Cell Phone Policy set forth in the Election Day Information and Rules section of the Poll Worker Manual, for all days they are working. Additionally, Poll Workers shall not use social media to report any issues with work assignments or conditions at poll sites, and must use the Board's mandated reporting procedures. Failure to adhere to this policy can subject Poll Workers to dismissal.

Separate Personal and Professional Roles

Employees should never use their BOE e-mail addresses when participating in social media.

Employees may use social media during business hours, subject to the limitations set forth in the BOE's Personal Cell Phone Usage and Telephone policy.

Be aware that the BOE monitors employee internet use. Employees have no right to privacy with respect to any information transmitted, received, created, accessed, obtained, viewed, stored, or otherwise found at any time on the BOE's computer system.

Some social media services, such as LinkedIn, allow participants to write recommendations or referrals. If you provide a reference or referral using one of these services, you must indicate that you are providing only your views and not the views of the BOE.

Do not use the BOE's logo in any postings and do not link to the BOE's website or post any agency material on a social media site without the express permission of the BOE's Communications Director.

Be Aware of Your BOE Position

If you identify yourself as an employee of the BOE or hold a position with the BOE that is known to the general public, make sure that your profile, comments, and other postings are consistent with how you want to present yourself publicly.

Make it clear through the use of a disclaimer that the statements and views expressed are yours and do not reflect the views of the BOE. Managers and others with leadership responsibilities must, in particular, consider whether their personal thoughts and views may be misconstrued by virtue of their position as expressing the BOE's view.

Understand Your Personal Responsibility

You are responsible for what you write or post on social media. Do not use any social media tool unless you understand how it works. Whether you intend it to be private or not, what you write and post will be available on the web for a long time and may spread to large audiences, even if it was not your intent. Before posting, it is a good idea to think about whether you will be embarrassed if your supervisor or other employees see your post. If the content of your post would not be acceptable in a face-to-face conversation, it is probably not acceptable content for a post. Also, it is not advisable to disclose personal or contact information or post photographs or "tag" photographs of coworkers without their prior permission.

Employees participating in social media are subject to the BOE's Code of Conduct and procedures even when engaging in social media while off duty. For example, be aware that being uncivil or discourteous or engaging in conduct tending to bring the BOE into disgrace, or engaging in harassing or discriminatory conduct is prohibited by the Code of Conduct as detailed in our policies and procedures.

Engaging in such behavior online, even in a personal capacity, may subject an employee to disciplinary action.

PREPARING FOR ELECTION DAY

NOVEMBER 7, 2023	General Election
MARCH 23–30, 2024	Early Voting for Presidential Primary*
APRIL 2, 2024	Presidential Primary*
JUNE 15–23, 2024	Early Voting for Primary Election
JUNE 25, 2024	Primary Election

**Dates not signed into law as of publication*

Please note you may not be called to work every election.

Early Voting requires a separate training.

TRAINING OPPORTUNITIES:

Working at the Polls requires attention to detail. However, with time between elections, it is possible to forget exactly what you are to do, or your duties may be changed. There are several options for improving your understanding of the process immediately after training and/or before a specific election:

Manual

Become comfortable with using this manual. There is a detailed table of contents, an index, and a glossary to define election terms.

The manual is your best tool before and on Election Day. Take it with you on Election Day.

Online

nyc.electiondayworker.com – you will need to log on and register

www.vote.nyc to view:

- Basic Poll Worker Manual
- Accessibility videos also available on YouTube
- Scanner Opening and Closing Videos

IF YOU HAVE QUESTIONS:

There are people ready to help. Before Election Day, call your Borough Office directly. On Election Day, advise your Coordinator of any problems and the Coordinator will call the Borough Office if necessary. All phone numbers are on back of manual.

Customer Service

POLL WORKER MISSION

- Take care of every voter according to procedure.
- Treat every voter and visitor with dignity, respect and courtesy to ensure that all voters and visitors have a positive experience at the polls.
- Follow procedures in this manual to be sure no voter is denied the right to vote.
- Remain calm and neutral in all circumstances.

All voters deserve to be treated equally, regardless of race, color, ethnicity, gender, and physical or language ability.

Voters may have different physical and/or language abilities that may require your assistance.

Throughout this manual there is additional information on how to provide this service in specific situations.

BASIC GUIDELINES

Greet every voter with a smile and eye contact. A friendly greeting will help the voter feel welcome and comfortable.

- Listen carefully and be patient.
- Make reasonable accommodations to assist voters.
- Poll Workers should not discuss: Candidates or issues on the ballot; topics related to the ethnicity, culture, religion and gender of a Poll Worker, voter, or any other person at the Poll Site.

- Please note that you may discuss the specific needs of a voter who needs additional support or assistance.
- Poll Workers can discuss how to accommodate voters.
- Keep the Poll Site peaceful and quiet – loud talking and other noises make it difficult for voters to concentrate.

LANGUAGE ASSISTANCE GUIDELINES

When a large number of voters require assistance in a specific language, an interpreter will be assigned to that Poll Site to assist the voter with any part of the process. Interpreters perform their duties alone.

Assistance is currently provided in Spanish, Chinese (Mandarin and Cantonese), Korean, Hindi, Bengali and Punjabi depending on the needs of a Poll Site.

Every BMD (Ballot Marking Device) automatically offers the ballot in English and Spanish. Additionally, if the Poll Site is designated for Chinese, Korean, or Bengali, the voter can press the language button on the BMD welcome screen to change the language.

Poll Workers who speak one of the above languages will have that information printed on their badge. If an Interpreter is not available, two Poll Workers speaking the language and representing different parties may assist the voter upon request.

REMEMBER THAT EVERYONE YOU WORK WITH IS ALSO A CUSTOMER. SHOW EVERYONE YOU WORK WITH THE SAME COURTESY AND RESPECT THAT YOU WOULD LIKE TO RECEIVE YOURSELF.

Disability Awareness

Never assume that a voter requires assistance.

Most voters with disabilities will ask for assistance if needed. If you think a voter needs assistance, ask how you can be helpful. Listen to and respect the voter's answers.

General Guidelines

If a voter asks for your assistance, listen to or ask for instructions as to how best to assist.

Relax. Don't be afraid to ask questions when you are unsure of what to do.

If a voter is assisted by an aide, make eye contact and speak directly to the voter, not the aide or anyone else.

Be patient. Take as much time as is necessary.

Voters who are Deaf or Hard of Hearing

If you do not understand something, do not pretend that you did.

Make eye contact and speak directly to the voter (not his/her companion), speak clearly and use short, simple sentences. Don't shout. Ask the voter to repeat and then repeat it back to make sure you understand correctly.

Rephrase; don't repeat your statements. Sometimes different words are heard and understood better than others.

Have a pad of paper and pen handy for written communication.

Keep your hands and other objects away from your mouth and do not chew gum.

Voters with Speech Disabilities

If you do not understand something, do not pretend that you did. Ask the voter to repeat and then repeat it back to be sure you understand correctly. Ask questions that require a short answer or nod of the head.

Do your best to understand the voter but if you continue to have difficulty, ask if the voter can suggest another option for communicating. The voter may offer to write the question but do not assume this is what the voter should do. Do not become impatient or finish sentences for the voter.

Voters with Limited Mobility

Try to place yourself at eye level. Do not hover over the voter. Do not lean on a wheelchair or other assistive device – these objects are considered personal space.

Do not assume a voter in a wheelchair wants to be pushed. Poll Workers may push wheelchair if requested by the voter.

Keep the Poll Site free of clutter or barriers in the path of voters.

Voters with Visual Impairments

Identify yourself to the voter (e.g., your name, role, how you can assist the voter). Verbalize what you are doing: e.g. "I am locating your name on the Voter List."

Let the voter locate you by the sound of your voice; do not touch the voter unless asked.

Offer all instructions and assistance verbally. Tell the voter of any obstacles in his or her path. For example, "The voting booths are located ten feet to your right."

Notify the voter when you are leaving him/her alone.

Disability Awareness (continued)

Voters who are Deaf-Blind

Do not touch the voter unless asked.

Do not shout.

Allow support service provider, co-navigator, or aide to assist the Deaf-Blind voter. Be patient and allow the aide adequate time to relay the information. Pause and wait for a response.

Gesturing in small spaces may be a good way to communicate. Other methods of communication, such as speech to text or other features on smart phones, may be useful.

Voters with Cognitive Disabilities

Some voters will have with cognitive, intellectual and/or mental disabilities that may affect their processes of perception, memory, judgment, or reasoning.

Be patient, flexible, and supportive. Take time to understand the voter and make sure the voter understands you. You may have to repeat yourself.

Do not try to finish the voter's sentences.

Try to limit distractions and keep things simple – take one task at a time.

Offer assistance completing forms or understanding written instructions and provide extra time for decision-making.

Service Animals

A **service animal** is a dog (any breed) which provides a specific task to help mitigate the person's disability, such as opening a door. An **emotional support animal** is an animal that provides comfort. **Service animals are the only animals permitted in poll sites.**

Many people use service animals for reasons that may not be visible or apparent. If a voter brings a dog into the poll site, the poll worker should ask two questions: (1) "is the dog a service animal required because of a disability?" and (2) "what work or task has the dog been trained to perform?"

Do not ask about the person's disability or medical diagnosis. Do not ask that the dog demonstrate its ability to perform the work or task.

In New York State, a service dog must be in a harness or on a leash but does not need to be muzzled.

Service animals are NOT required to "wear" identification such as a vest or bandana. The voter must always maintain control over their service animal. Do not touch or interact with any service animal – it is busy working!

Election Day Information and Rules

Poll Hours

Poll Workers must arrive at the Poll Site by 5:00 a.m. Polls must open at 6:00 a.m. and close at 9:00 p.m. Every voter in line at 9:00 p.m. must be allowed to vote.

Legal

You must administer the election impartially and in accordance with the law. (See inside back cover for more details.)

Number of Poll Workers

Bipartisan teams work at Scanners, BMDs, and ED Tables. If there are shortages, the Coordinator should call the Borough Office.

Pay

You must complete the Time Sheet with information contained on your Notice to Work Card. You will be paid for your training class and for working on Election Day. You can expect to be paid in 6–8 weeks. Please do not call before that time. Also be sure to check in using the tablet to speed up the payroll process.

***You must work one election day in order to be paid for this training class.**

Meals and Breaks

You are allowed 2 hours total for breaks and meals. The Coordinator will schedule times. Do not exceed your time as it will affect other workers or voters. Do not leave your station without notifying the Coordinator.

You may not have time to leave the Poll Site and purchase food, so pack snacks and meals that do not require refrigeration.

Do not place food or drinks on work tables or carts. Do not eat while serving voters.

No Smoking or E-Cigarettes

No smoking is allowed at the Poll Site or within 100 feet of a school.

Cell Phones

Cell phone use inside the Poll Site is only for official business. If you have a cell phone, it must be silenced. If you need to make a call or text, you must do so on your break and outside of the room where voting takes place. **NO HEADPHONES.**

Politics

Poll Workers and voters are not allowed to have political conversations while at or near the Poll Site. Personal reading material is fine as long as it is not political in nature.

Dress Code

As representatives of the Board of Elections, Poll Workers should dress in a clean and professional manner. Attention to personal hygiene and grooming is also expected. Clothing should be tasteful and in good condition. T-shirts, shorts, and buttons with improper or political slogans, graphics, photos, midriff baring tops and ripped, torn or oversized pants are examples of inappropriate attire. No hats or head coverings are permitted unless they are for religious observance. **Note: For your own safety, and to prevent injury around equipment, wear closed-toed shoes. No flip-flops.**

Children and Pets

Poll Workers are not allowed to bring children to the Poll Site. However, voters may bring children. Only service animals are allowed at the Poll Site.

Poll Worker Voting

If you are not working at your home Poll Site, as a Poll Worker you can request a ballot using a Special Ballot Application prior to the election. (See Appendix). **Due to a change in NY State Election Law, once you have applied for a poll worker special ballot, you cannot vote on a scanner ballot in the poll site.**

Place your special ballot into the Absentee Ballot Box at the Information Table on Election Day.

ALL Poll Watchers and observers inside the room where voting takes place **MUST** sign the Visitor Log and show proper certificates, authorization letters or identification.

Role of a Poll Watcher:

Observe elections at the Poll Site. Report any observed irregularities to the Poll Site Coordinator or Inspector, Police Officer, and/or the Borough Office.

Poll Watcher qualifications:

Each Poll Watcher must be certified in writing by one of the following: a candidate, a chairperson of a political committee, or a chairperson of an independent body. Each Poll Watcher **must show a certificate** for **each** Election District to the Poll Site Coordinator or Chairperson.

At any time, there are to be no more than three Poll Watchers per ED per candidate, political committee or independent body. Only one of the three is allowed within close proximity to the ED Table.

- If the Poll Watcher refuses to comply with the rules, the Coordinator should call the Borough Office.
- If necessary the Police Officer can be asked for assistance.

Observers

There may be observers visiting your Poll Site on Election Day. You may have several observers or you may have none. All are required to have proper authorization. Some examples of observers who may be present include:

- **Federal Observers** are interested in making sure the Voting Rights Act is being followed, meaning no voter is faced with discrimination on the basis of race, color or language. They are also observing whether language assistance is being provided as required. They **do not require** written authorization, but **must show proper identification**.
- **HAVA Observers** and other groups are making sure the Poll Site is accessible and that voters with disabilities are able to vote. They **must present a letter** from the Board of Elections or identification.
- **Board of Elections Observers** are looking to see that policies and procedures are being followed, and to identify areas in need of improvement. They **must show a Board of Elections ID or identification**.

Media/Press

Media/Press are allowed to be inside the Poll Site if they have **written authorization** from the Board of Elections. They are allowed to film or take pictures of individuals with the individual's permission. You may choose not to be photographed. They are also allowed to take pictures of equipment and booths as long as voters are not present.

Exit Polls

Exit polls attempt to find out how voters have voted and are allowed outside the Poll Site beyond 100 feet of any Poll Site entrance. They cannot ask voters how they will vote before they enter the Poll Site.

Pre-Election Checklist

Use this checklist to ensure you are well prepared for Election Day

1. Receive your Notice to Work in the mail – check all information carefully. This will also serve as your badge on Election Day. It provides the date of the election, your Poll Worker Number, location of your assigned Poll Site, and job position to which you are assigned. **Note: Coordinators can move certain workers to another position if necessary.**

If you have not received your Notice to Work by 7 days prior to the election, call the Borough Office or check online at nyc.electiondayworker.com.

If you are not working at the Poll Site where you are assigned to vote, you can request and vote using a Special Ballot. You should have received an application and returned it at training. If not, contact the Borough Office.

Your ballot will be mailed to you before the election. If you do not receive your special ballot, you can visit your borough office to receive one. **Do not return your voted ballot by mail.** Bring it to the poll site where you are working on Election Day and place it in the Absentee Ballot Box located at the information table.

2. Review your manual and any guides received at training or go online to refresh your mind as to how to perform your assigned duties. Review the Election Day Information and Rules in this manual and your legal duties/responsibilities on the inside back cover.
3. Make arrangements to arrive at the Poll Site NO LATER THAN 5:00 A.M. If arranging transportation pickup at end of night, schedule it for after 9:30 p.m.

4. Plan to dress comfortably, but professionally. It is best to bring a warm layer (like a jacket) you can wear during cooler times of day.
5. You will be at the Poll Site for more than 16 hours and may not have time to travel outside the Poll Site for meals. Pack snacks and food that do not require refrigeration or re-heating.
6. **Bring your manual, Notice to Work, and Special Ballot with you to the Poll Site on Election Day. If you fail to bring the Notice to Work, you may not be allowed to work. You must report to the Poll Site where you are assigned or this will result in not being paid.**

OPENING THE POLL SITE

Meet the Equipment

Ballot Scanner

The Scanner is a portable electronic voting system that uses an optical Scanner to read marked paper ballots and tally the results.

This system allows for paper ballots to be immediately tabulated at the Poll Site.

E-Poll Book

The E-Poll Book assists the Poll Worker to look up voters in issuing the correct ballot.

Meet the Equipment (continued)

Ballot Marking Device (BMD)

The electronic voting system also includes a Ballot Marking Device (BMD), which is an electronic device that assists voters in marking a paper ballot on Election Day. All voters, including voters with disabilities, can use the BMD to mark a ballot privately and independently at their Poll Site.

Note: BMD does not count ballots or print reports.

Poll Site Interior Set Up

You will find a Floor Plan for your specific Poll Site on top of each ED Supply Cart. The Floor Plan has been designed to meet legal requirements as well as for maximum efficiency. It is important to set up the Poll Site according to your actual Floor Plan to ensure accessibility for all voters and avoid legal challenges. If there are any problems with this Floor Plan, inform the Coordinator.

There is a tape measure in the Coordinator's Supply Envelope for measuring.

Privacy Booth Placement

- Privacy booths must be placed according to the diagram found on the top of each supply cart.

ADA Booth Placement

- ADA Privacy Booth (lower writing surface) is placed nearest to the BMD with the voter's back to the wall.
- This booth must have 5 feet of clearance (use tape measure) on two sides to allow a voter in a wheelchair easy access.

Ballot Marking Device (BMD) Placement and Cradlepoint

- The BMD is placed 5 feet from the wall, with the doors open, with the Voter's back to the wall (use tape measure).
- The BMD must be near to and plugged into a working outlet.
- The power cord should run on one side of the machine with the mat covering the cord and taped down if necessary.
- When the BMD is plugged in, the orange cord for the Cradlepoint should be threaded according to the picture on page 23. Plug in the Cradlepoint immediately.
- The other side should have 5 feet of clearance for the voter to access the machine.

Information Table/Interpreter Table Placement

- Tables should be near the entrance to the room with information table visible as a first stop.

ED Table Supply Cart Placement

- Supply Cart should be placed on the side or behind the table as space allows. Doors should not be accessible to the voters.

IMPORTANT: Plugging in the Cradlepoint

The Cradlepoint and BMD are set up prior to Election Day. Follow the instructions below in the event they are not already set up.

1. Open the back of the BMD cart, locate the orange extension cord. Plug one end into the yellow extension wheel inside the BMD cart as shown.
2. Run the orange extension cord through the holes in the shelves of the BMD cart and feed the cable along the side of the BMD cart, to the top where the Cradlepoint is located.

3. While looking at the side of the Cradlepoint case, uncap the electrical port to plug in the other end of the orange extension cord.

IMPORTANT: Plugging in the Cradlepoint (continued)

4. Feed the yellow extension cord through the holes in the shelves of the BMD cart, and run the cord on the side of the BMD cart to an electrical wall outlet.

BMD AND CRADLEPOINT MUST REMAIN PLUGGED IN AT ALL TIMES.

5. On the top lid of the Cradlepoint case, there is a circular plastic viewfinder. Check that blue lights are visible through the viewfinder to confirm the Cradlepoint is powered on. If the lights are red or not on, tell the Coordinator.

BMD/Privacy Booth Inspector Job: Opening the Poll Site

(continued)

6. Compare the two green seal numbers on the BMD Cart with the numbers on the Seals Report. **If correct**, initial the report and proceed. **If not**, notify the Coordinator.

- The Inspector Affidavit tent card contains information on one side for the Inspector, listing reasons for an Affidavit.
- All supplies for voting an Affidavit Ballot are in the Blue Table Display on the top of and first shelf of the Supply Cart.
- Special Situations are listed in the Basic Poll Worker Manual with procedures on how to handle each situation. Keep the manual open to these pages when serving the voters.
- The manual also contains a procedure page for Using an Affidavit Ballot and for Using a Court Order.
- The E-Poll Book in your supply cart contains voter information for the ED/AD at your table. E-Poll Books are specific to one ED Table. All ED Tables at the Poll Site must open all lime green cases and use designated E-Poll Books. The top left corner of the E-Poll Book screen will display 5 digits by the Poll Site name. SERVING THE VOTERS

Overview of the Voting Process

A voter will follow three simple steps to cast his or her vote at the Poll Site.

STEP 1 GET YOUR BALLOT

- Voters who do not know their ED/AD number should stop at the Information Table first for directions.
- The voter then goes to his or her ED/AD Table to sign in on the E-Poll Book.
- After signing the E-Poll Book, the Inspector at the ED/AD Table will issue a paper ballot inside a black striped privacy sleeve which has instructions on how to mark the ballot.
- Special situations including affidavit ballot and court order are addressed in the manual.

STEP 2 MARK YOUR BALLOT

- After marking their scannable ballot, the voter places it in the privacy sleeve and takes it to a Scanner. The Scanner Inspector will instruct the voter on which Scanner to use.
- Affidavit Ballots are returned in the sealed envelope to the ED Table.

STEP 3 SCAN YOUR BALLOT

- The voter waits in a single line behind the “Wait Here” Scanner sign for the next available Scanner.
- The voter removes the ballot from the privacy sleeve, inserts the ballot into the Scanner to cast his or her vote, and returns the sleeve to the Scanner Inspector.
- Scanner Inspectors are stationed 5 feet away from the Scanner and ready to assist upon request.
- The voter receives an “I Voted” sticker.

ED Table Inspector Job: Serving the Voters

Greet the voter with a smile and welcome.

2. Inspector #1 finds the voter in the E-Poll Book. Follow the prompts on your E-Poll Book.

- **DO NOT ASK THE VOTER FOR ID UNLESS "ID REQUIRED" IS NEXT TO THEIR NAME IN THEIR VOTER RECORD.**

- Voters receive a Fast Pass Tag yearly.
- The Fast Pass Tag comes in many versions. It can be a rectangle, a circle or digital.
- The digital version would be on the voter's cell phone.
- If a voter provides a Fast Pass Tag, you may scan it to find the voter's record, using the correct graphic on the Poll Pad Mat.

- Tilt the screen so that red box is seen in "Scan Barcode" mode.
- Place the Fast Pass Tag or Card on the red rectangle as shown on the right.
- The bar code must be facing up for the E-Poll Book to scan the Fast Pass Tag or Card.

Voting with a Court Order

If a voter chooses not to use an Affidavit Ballot, they have the option of getting a Court Order to vote a scannable ballot.

Issuing a Court Order Certificate:

- Offer the voter a Certificate to Request a Court Order.
- Inspector must fill out the Certificate for the voter and direct the voter to the Borough Office or additional location where a judge may be available. **Note: Court Order is filled out in duplicate. Carbon copy remains in Court Order Book and original is given to the voter.**
- Both Inspectors must sign – one from each party.
- If the voter refuses both an Affidavit Ballot and a Court Order, there is no other option available for the person to vote.

Receiving a Court Order:

- If the voter returns with a Court Order and **is not in the E-Poll Book**, place court order in the grey transport bag.
- Issue a regular scannable ballot.
- Ensure that voter writes their name and Voter Serial Number (VSN – if any) on the top page of the Court Order.

BMD/Privacy Booth Inspector Job: Serving the Voters

BMD/Privacy Booth Inspectors play a critical role by allowing voters with disabilities to vote unassisted. However, **ANY** voter may choose to use the BMD. The BMD is a device that serves many needs and it is your job to be familiar with the features and be able to assist voters to use this machine. The following pages show ways to use the BMD.

- **Note: anyone can use the ADA Privacy Booth and Poll Workers should not be attempting to diagnose disabilities. If someone has an obvious disability and there is a line at the ADA booth, they should be moved to the front of the line.**

You can help those not using the BMD by directing them to an empty Privacy Booth and ensuring that each booth is properly supplied. A voter is not required to use the Privacy Booth as long as they do not disrupt other voters.

IF THE SITE IS BUSY AND VOTERS ARE WAITING IN LINE FOR A BOOTH – a bipartisan team of Inspectors may approach a voter after five minutes to offer assistance. If a voter has problems reading the ballot, remind them that they can use the magnifying sheet as well as the BMD to enlarge the font.

1. You should stand in a position that allows you to direct voters from all ED Tables to an empty Privacy Booth.
2. If the voter wishes to use the BMD, connect any accessories as needed. If the voter chooses to black out the screen, have them press the blue diamond button to provide privacy. Do your best to provide assistance without viewing how the voter is voting. **Note: A voter may use his/her own device (accessory) and you should point out the plug in port.**
3. If voters request assistance while using the BMD or a Privacy Booth, that assistance is to be provided by a bipartisan team – one Democrat and one Republican. Or, the voter may choose anyone (including interpreters), except their union representative, employer, Poll Watchers or candidates.
4. If the voter has an obvious physical disability and is not using the BMD, offer to direct the voter to the Accessible Privacy Booth.
 - Do not force the voter to move into different place to cast their ballot.
5. When the voter has finished marking his/her ballot, look at the privacy sleeve.
 - If the privacy sleeve has a black stripe, direct the voter to the Scanner.
 - If the privacy sleeve has a red stripe, direct the voter to the ED Table

Note: A red striped privacy sleeve is for Affidavit Ballots which do not get scanned.

An Affidavit Ballot voter also receives an Affidavit Ballot Envelope inside the red striped privacy sleeve, and they must return the ballot, envelope and privacy sleeve to the ED/AD Table that issued the Affidavit Ballot.

BMD/Privacy Booth Inspector Job: Serving the Voters

(continued)

However, if a scannable (Election Day) ballot is mistakenly given out in a red striped privacy sleeve, that voter is to be directed to the ED Table for the correct sleeve.

6. If a voter has a problem and needs another ballot, direct the voter back to the ED Table. Voters are allowed up to 3 ballots and after that they must get a Court Order to receive another one. **If a ballot is spoiled by a Poll Worker, it does not count towards the three ballots.**
7. The voter will go to any available Privacy Booth, ADA Privacy Booth, or a Ballot Marking Device (BMD) to mark their ballot.
8. During the day, inspect all Privacy Booths, remove any electioneering material and throw away.
 - Remove any signs of electioneering – put in trash.
 - If any ballots, Affidavit Envelopes, or privacy sleeves are in the booth, take them to the ED Table. Ballots will be voided. You will find the ED number on the lower back side of the ballot under the style number.
 - Be sure lights are working – if not tell the Coordinator.
 - Be sure that magnifying sheets are in each Privacy Booth and replace if needed.

Reasons to Use the BMD:

How the BMD Helps:

Voter wants to see a ballot with larger type	The ballot shows on the screen in larger font.
Voter is unable to mark ballot with a pen	Choices can be made using either the touchscreen or keypad.
Voter wants to see the ballot in a different language or an Interpreter is unavailable	The ballot appears in any language mandated for the Poll Site.
Voter has visual disabilities	Headphones allow voter to listen to the ballot and mark it using a keypad.
Voter has mobility disabilities	Accessories such as Sip & Puff and Rocker Paddle assist in marking the ballot.
Voter needs language assistance	Interpreter may accompany voter to BMD.

BMD breaks down

If this happens and you are not able to fix the problem, tell the Coordinator. The voter has three options if this happens:

- Wait until BMD is repaired.
- Return to Poll Site later after repair is completed.
- Vote with assistance from a bipartisan team of Inspectors.

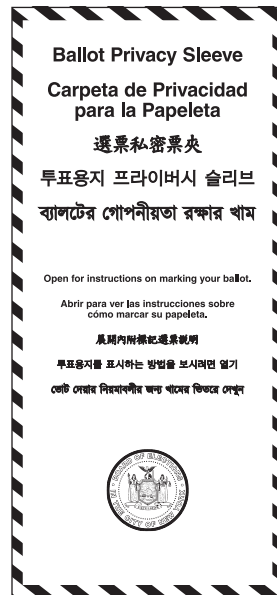

For further assistance

Call the emergency breakdown number on the side of the BMD.

Scanner Inspector Job: Serving the Voters

Voters approach the Scanners and wait in line at the “Wait Here for Scanner” sign. When a Scanner is available, direct the voter to the next available Scanner. When finished scanning the ballot, the voter returns the privacy sleeve to the Scanner Inspector. Provide assistance if requested and help resolve Scanner problems.

- 1. STAND 5 FEET FROM THE SCANNER** to make sure voters have privacy when scanning their ballots.
- Do not look at the voter’s ballot. The ballot should be in a **black** striped privacy sleeve.
- If a voter approaches with a **red** striped privacy sleeve, it may be an Affidavit Ballot and they are not to be scanned. Ask if the voter has an Affidavit Ballot Envelope and if so, direct them back to the ED Table. If not, allow voter to scan the ballot. **Note: Affidavit Ballots will be rejected by the Scanner.**
- Remind the voter to remove the ballot from the sleeve and that the ballot can go into the Scanner in any direction.
- Avoid looking at or touching the voter’s ballot. Offer verbal assistance. If the voter has a problem, look directly at the screen, not the ballot. Assistance is to be provided by a bipartisan team.
- When the voter is finished scanning his/her ballot, they should return the privacy sleeve to you.
- When you have a few privacy sleeves, return them to the ED Tables.

IMPORTANT: Be sure to rotate the use of the scanners. The first voter goes to Scanner A, the next one to Scanner B, the next one to Scanner C, etc., until all scanners are used, then start over with Scanner A.

(continued)

Handing out the ballots

- Ballots will be handed out one at a time from left to right, unless a voter makes a request for a specific language. This is to make sure you keep an equal number of ballots on each package.
- A sheet is placed with the ballots to be placed on the table on which voters may point to their language to request a ballot in a specific language.

For example: assume you have an equal number of ballots in each package and you hand out a Bengali ballot from the left first. Then the next five voters request Korean ballots. You will then hand out ballots from the Bengali package and the Chinese package until you have an equal number of ballots in each package. The goal is to keep the number of ballots in each package as equal as possible. See picture below.
