

Vote Safe Video Script

Hey NYC Voters,

There are 3 ways you can vote and stay safe this election including voting by absentee ballot, Voting early starting October 24th through November 1st, and on Election day November 3rd.

If you decide to vote in-person, the following safety measures are in place to keep voters and poll workers safe:

- Floor markers to help maintain social distancing
- Antiviral wipes available to use as needed
- Individual pen for voters to check in and mark their ballot
- Voting machines cleaned and sanitized regularly

- Poll workers are required to wear BOE-provided masks
- Masks will also be available to voters who need one
- All Early Voting sites will be professionally sanitized at the end of each day

To keep you and others safe, remember:

- You do not need to wait in line to drop off your absentee ballot
 - Bring your Fast Pass for contactless check-in
 - Maintain six feet from other voters and poll workers
 - Wear a mask
- ...and we'll take care of the rest.
